Representation of Sri R Ramaswamy, Radio Operator, dated to the Municipal Commissioner, City Municipal Council, Mysore, through the Municipal Engineer, Mysore

---

I beg to bring the following few lines for your kind consideration and favourable orders thereon

I am the radio operator of the Mysore City Municipality put in a service of over 17 years I was appointed as a Radio operator in grade Rs 25-1-40 from 1-1-1944 for looking after and to supervise the Public Radio booths maintained by the Municipality The number of radio booths that were in existence then were only three when I was appointed as the Radio operator and now this has been increased by five more Added to this the hiring of microphone equipment was not much popular and there was a rare demand for this Now that the work of supervision of Radio booths and the work of attending to the microphone arrangements have been increased several folds, I request that I may kindly be granted some personal allowance to enable me to meet contingent expenses during the course of attending to these works In this connection it may not be out of point if I were to submit that wherever the Municipal loud speak arrangements are made there has been only appreciation and nothing else which could testify the efficiency of work Under the above circumstances, I once again request you to kindly consider my case sympethetically and pass favourable orders

As per Government Order No L 12040-2/M1 11-44-127 dated 15-6-1945 the post of a Radio operator to the Mysore City Municipality was sanctioned by Government on a scale pay of R. 25-1-40 and this applicant was appointed in that vacancy During the general revision of establishment the pay of this post was also revised among other revision and the revised scale pay of this post has been 40-2-50-3-80 from 1-1-1947 This official was fixed at Rs 40/- in grade 40-2-50-3-80 on 1-1-1947 and his regular increments as and when they accrued were sanctioned and at present the official is drawing Rs 53/- There had not been much demand for the loud speaker and microphone equipments by public at that time Now that the same has gained much popularity in every function whether private and public functions the work of the Radio operator has increased many folds In addition to this the number of public radio booths which were only three in number at the time the post was created is now increased to 8 and one more is likely to be added very shortly resulting in increase of work There has been an annual revenue of about Rs 2,000/- in hiring of the microphone and loud speaker equipments and there has been nothing but appreciations whenever municipal microphones are hired Added to this playing of band at peoples park and Ambale Anniah Pundit's Park have been commenced weekly from June 6th 1953 and as a result of this the radio operator is having increased additional work

In consideration of the above it is recommended that the
